October 2011

Volume 16 Issue 4

Next General Neighborhood Meeting: Thursday, October 20

6:30 pm Social Gathering (Soft drinks and cookies provided)

7:00 pm Quarterly WNNA General Meeting

Orion Ballroom, 15th floor, Bank of America Building

President's Voice

JOSEPH HERNANDEZ

No rest for the weary! As we say goodbye to 2011, we go into 2012 with our eyes wide open and ready for the next curveball. This year was extremely busy for the WNNA board with issues that included beautification programs, The Parks at Wynnewood, Redistricting the City Council Districts, Oncor tree trimming, Zoning and Code violators and alley pickups of trash. It's also time to start putting the next WNNA Board of Directors together so please consider your commitment to the neighborhood. Reflecting on 2011, I am excited and pleased to know that WNNA residents and Board members did a great job of pulling together to bring you a number of new social events, programs and neighborhood wide projects. We not only talk the talk, but we walk the walk! That is why we are such a close knit community that many people call "home". I am lucky to have worked with such a great group of neighbors and friends who served on the board and I can't thank them enough. If you see them around, please thank them for their service to **your neighborhood..**

Elections!

**New officer elections for 2012
take place at this meeting!**

To put things into perspective, some of the activities completed in 2011 included: Spring Fling, Spring Clean Up, Spring Clean up BBQ, Spring Wander, Fall Wander, National Night Out, Wynnewood North Happy Hours, 4 General Meetings and Monthly Yard of the Month. In addition to these activities, the board met on a monthly basis and spent hours of their own time between meetings to make sure things ran smoothly. However, I must admit that 2011 was the year of The Parks and Redistricting; two issues that became a full time job themselves and sometimes... I forgot I had to go to work to actually pay the bills too! A special thanks goes to Pam Westerheide and Jeff Sappenfield because the VIP program in Wynnewood has been so successful that the Dallas Police Department now uses our neighborhood as a prime example of how the program could and should work and we were

President's Voice continued...

featured on Fox4 News this year as well – congrats to Pam for being a Hometown Hero! Last but not least, our dedicated block captains...who are responsible for passing out flyers, newsletters and special communications to every household in WNNA. Please join me in thanking all these folks that worked to make WNNA a better place to live!

Lastly, I would like to remind you that the WNNA Board elections are coming up at the October General Meeting. Its time to pass the torch, share the responsibility, pay the fiddler, take the bull by the horns or step up to the plate...whatever the phrase may be, its that time of year. I can assure you that maintaining the WNNA is not easy...but well worth the time and effort. Getting involved is more than just giving up a couple of hours per week; it's about getting to know your neighbors and being a part of the bigger picture. Although we have some residents that have never attended an event or participated in any activity, we have other residents that make up for those less active both in participation and monetary contributions. If you are one of those residents who have NEVER been involved in WNNA...think about what your safety means to you and your family. Think about the VIP volunteers who watch your house, your car and your property, think about the effort that goes into making sure you have a nice place to live that includes beautified triangles, a well maintained parkway, a welcoming sign into the neighborhood and well lit streets for you to walk. Let's make 2012 the year of giving back to our neighbors, residents and community. We must keep preserving no matter how tired or overworked we are.

WNNA Block Captains

In addition to distributing the WNNA newsletter and other flyers, these dedicated volunteers help you and the entire community in various ways. They contact our newest neighbors and update our directory. If you've just moved in or if you've changed your contact information, give them a call. These folks are your first point of contact, so get to know your Block Captain and thank them for their time and commitment.

Professional — Quality — Turnkey
Quality Landscape & Lawn Service at Affordable Rates!

If taking care of number two
is number one to you,
then picking up your doggy doo
should matter lots to you.

Doodies don't just fade away
or fertilize the grass;
lawn sausages will keep for weeks
releasing noxious gas.

About the time you think they're gone
they've only just begun,
emitting bad bacteria
and foul things one by one.

Cam-py-lo-bac-ter-i-a
and E. co-li are bad;
Giardia may sound like fun
But it will make you sad.

The rains, they come and wash the dung
just as it turns ripe,
down a swirling storm drain
and out into a pipe.

The pipe goes on for miles and miles
or further it may seem,
and then it pumps the poopie out
right into a stream!

Nuggets don't belong in streams
where fish all like to swim;
some day that fish could be your meal
on a hungry whim.

So scoop the poop and bag it
and place it in the trash;
your doggy doo reflects on you,
It's what your puppy passed!

Please clean up after your dogs!
Especially when walking them along
our streets and yards, but also in the
greenbelt area as well.

Dallas City Code

SEC. 7-4.8. DEFECATION OF DOGS ON PUBLIC AND PRIVATE PROPERTY; FAILURE TO CARRY MATERIALS AND IMPLEMENTS FOR THE REMOVAL AND DISPOSAL OF DOG EXCRETA.

(a) **An owner of a dog commits an offense** if he knowingly permits, or by insufficient control allows, the dog to defecate in the city on private property or on property located in a public place.

(b) **An owner of a dog commits an offense** if he:

(1) knowingly permits the dog to enter or be present on private property or on property located in a public place; and

(2) fails to have in his possession materials or implements that, either alone or in combination with each other, can be used to immediately and in a sanitary and lawful manner both remove and dispose of any excreta the dog may deposit on the property.

(c) It is a defense to prosecution under Subsection (a) that the owner of the dog immediately and in a sanitary and lawful manner removed and disposed of, or caused the removal and disposal of, all excreta deposited on the property by the dog.

(d) It is a defense to prosecution under Subsection (a) or (b) that:

(1) the property was owned, leased, or controlled by the owner of the dog;

(2) the owner or person in control of the property had given prior consent for the dog to defecate on the property; or

(3) the dog was a service dog being used in official law enforcement activities.

(e) This section does not apply to a service dog that is specially trained to assist a person with a disability and that was in the custody or control of that disabled person at the time it defecated or was otherwise present on private property or on property located in a public place. Thank you to all of our homeowners for hosting this event. We had a good turnout of about 70 people, even with the long-awaited rains. We had a good mixture of new and long-time neighbors. If you are interested in hosting one of these events in the future, please contact:

social@wynnewoodnorth.org.

Get Ready for Fall Activities

Now that the record setting heat has subsided, we can resume our social calendar! I hope you are all as excited about the events we have scheduled for the last few months of the year as I am. We already kicked off the Fall season with a **“Get to Know your Neighbors” Happy Hour** event that was on **September 16th**. Thanks to all of those who attended the event and to all of those who hosted. I have included in the newsletter photos from each home so I hope you enjoy being the “stars” of the newsletter. It was great to see so many new faces at this event as well as the great friends and neighbors that we have gotten to know over the years.

By the time this newsletter goes to print we will have also had the annual **National Night Out** on **October 4th**. This year’s event is once again on Hoel Drive so thanks to all the homeowners for allowing us to close off the street for such a great cause. Also, thank you to Joseph Hernandez and Jeremy Ratliff for opening up your driveway for us to host the event. I look forward to sharing some photos with you in the next newsletter!

The **Wynnewood North Fall Wander** is fast approaching and tickets are on sale! The event this year is on **October 22nd** from 6pm to 10pm. For those of you who are new to the neighborhood, this is one of our biggest fundraisers of the year that helps to fund things such as triangle maintenance, free events sponsored by the neighborhood, as well as special projects that occur such as last years planting of the trees in the greenbelt. Tickets this year are still \$35 each and include drinks and appetizers. This year’s Fall Wander features 4 incredible homes and will start at the home of Phil Perry at 670 S. Manus at 6pm. The first home is cocktails only and is sure to be a great time. I know many of you can’t wait to see

the great remodel that Phil has completed on his home. We will then go to the home of Dean Rose and Scott Hopper / 606 Monssen Drive at 7pm where there will be drinks and appetizers. Again, another home that has had an amazing remodel. At 8pm we will wander next door to the home of Lisa Kleypas and Jessica Hamilton at 614 Monssen Drive. This will be an outdoor backyard event sure to spook everyone. Finally, we will have desert at the home of Maurice Winters and Ronnie Roesse / 663 N. Manus Drive at 9pm. I can’t thank all of the homeowners enough for opening up their homes and making this Fall Wander one that I am sure will be a huge success.

Keep your calendars open for **November 12th** where we will host another **Movies on the Lawn**. More information to come via e-mail blast as we get closer. If you do not have e-mail than you can call me at 214-941-2657 to get additional information. Finally, we will be having our **Holiday Party** on **December 10th** with the **Holiday Decorations** to be judged on **December 9th**. Again, more information to come as we get a little closer. I know that many of you are already getting your light strands out of the attic to make sure they are in working order so you can make Clark Griswald proud. This is sure to be a fun night!

Crime Watch

PAM WESTERHEIDE

Closing Your Doors to Burglars

Burglars often try to gain entry to a home via the front or back door. Fortify access to your home by following these tips to strengthen exterior doors.

Hinge Doors - It is important that all exterior doors be of solid wood, fiberglass, or steel construction. This applies to front, back, and garage entry doors. Avoid light gauge aluminum, hollow core, or composition board doors. These can be easily battered or bored. Windowless front doors should have a wide angle peephole installed for easy viewing of visitors prior to opening the door.

Install a 1-inch long deadbolt lock on a solid door to prevent a burglar from wedging a crowbar between the door and the frame to gain entry. It's important to strengthen the frame by removing some of the short screws in the door hinges and the lock strike plate and replace them with longer (3-inch) screws. If door hinges are exposed on the exterior of the door, non-removable hinge pins should be used. If your door frames are wood, they should be at least 2" thick and in good condition (no splitting or rotting).

Sliding Glass Doors - These doors can be easily removed from their tracks unless they are properly secured. Install a 1-1/4" pan head (large head) sheet metal screw in the upper track so the frame just clears the head of the screw. Additionally, a metal bar that attaches to the side frame and fits across the middle of the sliding door, parallel to the floor, can be installed to prevent opening of the door.

Additional Tips

1. Don't forget about the door leading from the garage to the house! It should be solid wood core and have a good quality deadbolt.
2. Never, ever rely on a chain latch. It is not a security device.
3. Lock the front door when working in the back and vice versa.
4. Lock all doors even if you'll only be gone momentarily.

Gypsy

In May of this year (remember, back before everything was fried to a crisp?), Pam Westerheide happened upon a couple of sickly stray dogs roaming the neighborhood. Being the sucker that she is, she scooped them up, took them to the vet, and lovingly nurtured them to a full recovery.

One of those lucky pups is Gypsy, a 2-year-old chihuahua mix. Gypsy has readily adapted to the menagerie at the Westerheide-a-way. She has proven to be an active little girl that hasn't met a fruit she won't eat (except for grapes and raisins of course - those are toxic to doggies!). One of her favorite hobbies is tenaciously chewing the heads off her stuffed toys and emptying them of their fibrous contents. She also loves playing with Rylie, the Westerheide's Shepherd mix (also a rescue from the streets of Oak Cliff). At five times her size, playful interchanges between Rylie and

Gypsy can be alarming to the uninitiated, but they both have a great time and always come out unscathed. And Gypsy literally jumps for joy when she realizes she's heading out with "the big dogs" for a long walk in the park. Of course, at the end of a long day of play, she loves to snuggle up near her humans for a long doggie nap.

"Tree-for-All"

WNNNA

"Wynn's Tree"

The tree adopted by Wynn Hudgins is one of the healthiest trees in our reforestation program, a joint effort between the city of Dallas and Wynnewood North. Wynn and his wife, Frances, have owned their home on Woolsey Dr for almost 50 years, before they were married, and fixed it up and furnished it a bit, moving in after they were wed. They are only the 2nd owners of the house, and it's rumored that the new roof this year was more expensive than the purchase price of the house a half century ago! Wynn has been very diligent about watering his tree. He's even been seen with his grandchildren helping water and nourish his oak tree. Wynn fell this summer and injured himself, so he has been in rehab for a while, with plans to come home toward the end of this month. In addition to his family, neighbors have volunteered to help take care of his tree while he has been gone.

Wynn is at Grace Presbyterian Village until about October 21, in #3014 and can be reached at 214-302-2148.

BY PAM WESTERHEIDE

Kristi Nelson

Kristi Nelson and I have a lot in common: we both moved to Wynnewood North in 2007, we both have 2 dogs and a cat, we both had a milestone birthday recently, we both...well, maybe the commonalities end there. Because in actuality, Kristi is quite a unique person. You see, Kristi marked her milestone with a gift -- not to herself, but to her mother. Less than 2 weeks after her birthday, Kristi arrived bright and early at Baylor Medical Center to undergo voluntary surgery and donate one of her kidneys to her mom.

This was no easy decision. Diabetes is a leading cause of kidney failure, and it runs in Kristi's family. Her mother Helen suffered from diabetes for years. Helen's failing kidneys finally reached a point where she required dialysis three times a week, a process that is both painful and risky, as it results in frequent infections. The only other alternative: a kidney transplant. Kristi went through the entire testing and compatibility process without letting her family know what she was considering. She wrestled with the doubts and fears that naturally arise with such a life-altering decision. But in the end, she knew that if she was a match, she would willingly go through with the donation. After all, her mother had given her life; now Kristi would do the same for her mom. And to increase awareness of the major risk factors of kidney disease and the need for transplant donations, especially in minority populations, Kristi and Helen went public with their experiences, chronicled in a special section on NBCDFW.com called "Kristi's Gift":

<http://www.nbcdfw.com/news/health/Kristis-Gift.html> .

I am happy to report that both Kristi and her mom's surgeries went smoothly. At the time of this writing, it's been six weeks since the transplant, and other than tiring easily, Kristi says

her routine is pretty much back to normal. She's grateful that she was able to give the gift of life to her mother, and from this amazing experience she has gained a clearer perspective on what's truly important to her.

Many thanks to Kristi for agreeing to be interviewed yet again for this article. We're happy to spotlight her as one of the phenomenal people who live in Wynnewood North!

According to the National Kidney Foundation, 26 million Americans have chronic kidney disease and millions of others are at increased risk, especially African Americans, Hispanics, Pacific Islanders, Native Americans and seniors. The main causes of kidney failure are high blood pressure and diabetes, so if you or a loved one are at risk, please discuss preventive measures with your health care provider.

I love to vent.

Tip of the Month

CALLOWAY'S NURSERY

October Tip of the Month Usher in Autumn

Usher in the Autumn season with creative displays for indoors or out! Pumpkins, gourds and bales of hay all started arriving in our stores in late September. Combine them with pots of mums and other blooming color and a transformation quickly occurs!

Create an eye-catching vignette in your landscape with bales of hay, a scarecrow or two, multiple sizes of pumpkins and pots of garden mums or other seasonal color. Create a pyramid of pumpkins and squash by selecting different colors and stacking them one on top of the other. Simply displaying a "pile" of pumpkins in the same color palette and different sizes will draw ones eye and interest to an area of your landscape.

Color Creations filled with blooming or colorful foliage plants can be used on patios and porches. Freshen up existing containers and nestle an interesting pumpkin or gourd in amongst the plants. You can also fill a favorite container or pot with a mixture of produce for a simple, impressive look!

A pumpkin or squash can easily become a festive flowerpot for Fall. Select a perfect "container", one without any scratches or nicks and one that will sit flat and not roll around. Cut an opening and remove the loose pulp inside. Add potting soil and plant directly into the "container" or leave the plants in their own pots and place them in the "container". Remember that this is only a temporary but unique flowerpot!

Achieving a colorful transformation that will carry your home and landscape through Thanksgiving is just a clinic away! Calloway's will be hosting the following informative clinics during the month of October. Please join us as we celebrate the arrival of Autumn!

USS *Monssen*

W N N A

Lieutenant Mons Monssen

Mons Monssen was born January 20, 1867 at Bergen, Norway and enlisted in the United States Navy June 3, 1889.

Warranted gunner in 1904, he was serving in USS Missouri (BB-11) April 13, when a charge ignited while a 12-inch gun was being loaded for target practice. Eighteen officers and men lost their lives. Monssen entered the burning magazine through the scuttle and threw water on the fire with his hands until a hose was passed to him. For his actions he received the Medal of Honor.

He was commissioned lieutenant in July 1918 and he retired December 15, 1925.

He died at the Naval Hospital, Brooklyn, New York, February 10, 1930 and is buried at Cypress Hills National Cemetery.

Lieutenant Mons Monssen
(January 1867–February 1930)

USS *Monssen*

USS *Monssen* (DD-798) was a Fletcher-class destroyer of the United States Navy, the second Navy ship named for Lieutenant Mons Monssen (1867–1930), who was awarded the Medal of Honor for putting out a fire in a magazine on Missouri (BB-11). *Monssen* was laid down 1 June 1943 by the Bethlehem Steel Co., Shipbuilding Division, Staten Island, New York, N.Y.; launched 30 October 1943; sponsored by Mrs. Mons Monssen; and commissioned 14 February 1944, Commander Bernhart A. Feutsch in command.

USS *Monssen* participated in World War II Campaigns in Central Pacific, Phillipines, and Japan. She was decommissioned April 30, 1946. USS *Monssen* was recommissioned October 31, 1951 through October 21, 1963.

USS *Monssen* received eight battle stars for World War II service.

Streets in Wynnewood North Named after WWII Battleships

Angus G. Wynne, founder of Wynnewood Village Shopping Center and community development in Oak Cliff, served in the Navy in World War II. When Wynnewood North was developed, the streets were named after battleships from WWII.; these battleships had been named in honor of men serving in the Navy.

Resident Update

ROBB NORTON

Doug Norton

Many of you know Doug Norton, a resident of Oak Cliff for 30 years and homeowner in Wynnewood North for 20 years. Doug has been active in the neighborhood, serving as the newsletter and publications board member for many years, and was an active member of the VIP crime watch group. Christmas parties at his home for almost two decades have always been a great way to celebrate the holidays.

Doug had his final open heart surgery this past December, the third time to have a heart valve replaced. It was a successful surgery, but he began having problems this summer and in August it was discovered he had cancer. His son, Rob, has been living with him to help care for him, along with Doug's partner, K.W. Grove. Just this week they were met with some news from the doctors and we asked Rob for an update that we could share with the neighborhood.

Contact information

Rob Norton (Doug's son)
972-839-7768
theotherrob@gmail.com

K.W. Grove (Partner)
Txbexar@gmail.com
214-478-5234

Dear Neighbors,

As you may or may not be aware, my father, Doug Norton of 1330 S. Llewellyn Ave. has been battling cancer for a short while now, and we felt like this would be the right time to share some information with the neighborhood in order to provide you all with some opportunities and understanding.

Since Doug's diagnosis of Stage IV Lung Cancer in late August, we have been trying to absorb the initial diagnosis and figure out how we were going to deal with the short time we had left together here on earth. As of yesterday, Doug's "Status" has significantly changed and that plan has had to be re-thought and put in place, and so though it may seem a bit sudden, untoward or expository to bring you into our family in a way like this, know that our only intentions are to provide an opportunity for anyone who should like to visit with Doug the chance to do so. We hope you can understand that we were not given the time we would have liked to handle this more politely.

We have been given a timeframe of about two weeks to get my father's affairs in order, and that is also the timeframe in which you'll have a chance to come and say hello, laugh with Doug, remind him of silly stories or what have you. And if you know him or you've been to our home for a Christmas party, or even if you've just seen him around, we'd love to have you let us know if you'd like to visit and when, and we'll set it up! If you'd prefer to instead send a card, or just your prayers, chants, or thoughts e welcome all.

Either way please know that Doug would love nothing more than to spend even a few moments being celebrated and remembered fondly by the neighbors and friends he has been blessed to surround himself with all of these years. As his son, I know I speak for all of our family when I express my gratitude to those of you with whom he has shared his time here – you helped fill his heart with joy and knowing he has lived a life of joy has – on many occasions recently – been our greatest comfort.

Rob Norton, Doug's son

Support the OOCCL—Wynnewood North applies for and receives grants each year from them. Become a member and help the community. Visit their website for more information.

Join us on

Did you know Wynnewood North Neighborhood Association has a fan page on [Facebook](#)? If you have an account, just search for us and join. You can see photos from neighborhood social gatherings (like the one below!), see upcoming events, post on the wall, and watch for news about Oak Cliff in general.

We have had an eventful year and it is not over yet! I hope you have had the opportunity to attend many, if not all, the great events that Dwayne has organized. The Happy Hours proved to be a great way meet neighbors in a smaller group setting. I think those who attended the Spring Wander will agree that it was quite a success. Our Fall Wander is just around the corner and it promises to be equally as “wander-fall”. Don't forget Movies on the Lawn and the annual Holiday Party. Make sure that you plan to attend our functions and help support our neighborhood. These events not only require your participation, but your financial support as well. Our work to better our neighborhood is directly connected to the level of your support. Please remember to donate generously at the general meetings and to attend the neighborhood events that make Wynnewood North such a wonderful place to live. If you would prefer to mail your donation, you can send it to:

WNNA Treasurer
P O Box 3872
Dallas, TX 75208

Check our website!

Logon to our neighborhood website for up-to-date information about events and news.
