- Andy reported that Omni Watch has slated the neighborhood to receive 12 cameras for optimal coverage of all the streets. We also discussed the option that WI FI might be an option for the cameras and the benefit is that the neighbors can piggy back on the WI FI and get DSL for about fifteen dollars a month for their private use.

- Mike Wicker asked how many homes thus far have contributed and Robert replied that about 80 homes in the neighborhood have donated to this point.

- Stuart Rogers asked about what would happen to someone who gotten broken into and have not yet paid the dues for the Cameras.
